

Zion High School Ministry

The mission of High School Ministry at Zion is to help foster community building through faith, fellowship, and servant leadership while learning how to walk alongside our neighbors and share their stories. Common Ground is meant to be a safe space for all who want to share their stories of life and faith. All are invited to join us in being a part of this community.

Faith

At Common Ground, we want to have discussions around the tough questions of Christianity, but that doesn't mean you have to believe to be a part of these discussions. We want to be accepting of all backgrounds of faith and beliefs.

Fellowship

A goal of Common Ground at Zion is to build a strong community together. We strive to do this to the best of our ability through discussions, activities, and more!

Servant Leadership

Lastly, we want to give space for the youth to further their leadership skills and learn what it means to be a servant leader in their community.
